Re: Anadarko Petroleum Corporation – Clarification of Special Temporary Authorization (“STA”) Request and Modification Application

Dear Ms. Dortch:

Anadarko Petroleum Corporation (“Anadarko”) is writing to clarify certain information in its recently granted request for special temporary authorization (“STA”) and the associated pending modification application, identified below.

The STA request was developed to mirror Anadarko’s request for long-term authority to add “Permitted List” as an authorized point of communication to the subject license. However, during the requested period of temporary operations, Anadarko will only communicate with Galaxy 28 (G28) at the 89° W.L. orbital location. Accordingly, Anadarko will not utilize full “Permitted List” authority during this period and the Commission may wish to condition the grant accordingly.

This clarification applies to the following STA request and modification application:

Call Sign	STA File No.	Modification File No.
E050335	SES-STA-20160112-00031	SES-MFS-20160112-00004

Please do not hesitate to contact me with any questions regarding this matter.

Respectfully submitted,

Carlos M. Nalda
